"THE WESTERN WALLOP"  
Western Feature  
Starring JACK HOXIE

SEP 25 1924

Because of his part in preventing a break from a penitentiary road camp Bart Tullison, convicted of manslaughter on circumstantial evidence, is granted a parole.

He gets a job as foreman of the ranch owned by James Stillwell, after he had prevented the daughter, Anita Stillwell, from being robbed by a bandit who held up the stage on which the two were riding. As foreman of the ranch Bart discovers there is a plot to steal cattle, and also a plot on the part of Jim Bradshaw, another cattleman to make the girl his wife. For a time the girl believes Bart a coward because he refused to violate his parole and cross the state line, not far from the range. After numerous thrilling fights, and when it appears that his enemies have accomplished his complete downfall there comes a development that proves him not only a brave man but innocent of the crime for which he was convicted.
